

CATENERA® FLUID FT 2

Escalator chain oil

Description

CATENERA FLUID FT 2 is a mineral oil based lubricant for escalator chains offering good wear and corrosion protection.

Pack sizes

5 l canister
20 l canister

CATENERA FLUID FT 2

- Tried and tested oil for escalator chains
- Good wear protection
- Good corrosion protection

Application

CATENERA FLUID FT 2 has been especially designed for the lubrication of chains in escalators and passenger conveyors.

Application notes

CATENERA FLUID FT 2 can be applied by drip-feed or automatic systems, oil feeders or brush. When using automatic systems please observe the maximum viscosity specified by the manufacturer.

Minimum shelf life

The minimum shelf life is approx. 36 months if the product is stored in its unopened original container in a dry, frost-free place.

Product data

Service temperature range* [°C], approx.	-20 to 100
Color	brown
Density, DIN 51757 bei 20 °C, [g/cm ³], approx.	0.89
Flash point, DIN EN ISO 2592, [°C]	>200
Kinematic viscosity, DIN 51562 pt. 01, 40 °C, [mm ² /s], approx.	115
Pour point, DIN ISO 3016, [°C], approx.	-20

* Service temperatures are guide values which depend on the lubricant's composition, the intended use and the application method. Lubricants change their consistency, apparent dynamic viscosity or viscosity depending on the mechano-dynamical loads, time, pressure and temperature. These changes in product characteristics may affect the function of a component.

The data in this product information is based on our general experience and knowledge at the time of printing and is intended to give information of possible applications to a reader with technical experience. It constitutes neither an assurance of product properties nor does it release the user from the obligation of performing preliminary tests with the selected product. We recommend contacting our Technical Consulting Staff to discuss your specific application. If required and possible we will be pleased to provide a sample for testing. Klüber products are continually improved. Therefore, Klüber Lubrication reserves the right to change all the technical data in this product information at any time without notice.
